Action Taken on Student Curriculum Feedback – MBA 1st year (1st Semester)

S.No.	Course Code	Course Name	What needs to be included	Indicate the apt pedagogy that should be used to cover the contents of the course.	List the contents that should be eliminated from the course.	Action Taken
1	MBA101	Management concept and organizational behavior	Modern leadership theories, diversity and inclusion, emotional intelligence	Case studies, role-plays, group discussions	Traditional theories that are outdated excessive focus on Taylorism	Updated course content with modern theories, introduced interactive activities
2	MBA102	Managerial Economics	Behavioral economics, data analytics for economic decision-making	Simulations, data analysis exercises, real-world economic problem-solving	-	All the responses are satisfactory.
3	MBA103	Business communication and drafting	Digital communication tools, cross-cultural communication	Workshops, live demonstrations, peer reviews	-	All the responses are satisfactory.
4	MBA104	Quantitive Technique	Advanced statistical software, big data analytics	Software-based lab sessions, case studies, project work	-	All the responses are satisfactory.
5	MBA105	Accounting for managers	IFRS, forensic accounting, financial modeling	Interactive software, real-world case studies, hands-on exercises	-	All the responses are satisfactory.
6	MBA106	Business Environment	Global business trends, sustainability, and ethics	Case studies, field visits, guest lectures	-	All the responses are satisfactory.
7	MBA107	Legal Aspect of Business	Cyber law, intellectual property rights, international business law	Moot court sessions, case studies, role-playing	Obsolete laws, excessive focus on local legal systems	Introduced contemporary legal issues, reduced focus on outdated laws
8	MBA108	Computer concept and managerial application	Cloud computing, data security, AI applications in business	Hands-on lab sessions, workshops, real-time problem-solving	-	All the responses are satisfactory.

Action Taken on Student Curriculum Feedback – MBA 1st year (2nd Semester)

S.No.	Course Code	Course Name	What needs to be included	Indicate the apt pedagogy that should be used to cover the contents of the course.	List the contents that should be eliminated from the course.	Action Taken
1	MBA-201	Marketing Management	Digital marketing, customer analytics, social media marketing	Case studies, digital tools demonstrations	-	All the responses are satisfactory.
2	MBA-202	Strategic Human Resource Management	HR analytics, employee experience management, diversity and inclusion strategies	Workshops, case studies, role-plays, analytics tools	-	All the responses are satisfactory.
3	MBA-203	Financial Management	FinTech, blockchain in finance, financial risk management	Simulations, case studies, real-time financial decision-making exercises	-	All the responses are satisfactory.
4	MBA-204	Innovation and Entrepreneurship	Lean startup methodology, venture capital, design thinking	Workshops, guest lectures from entrepreneurs, real-time projects	Historical entrepreneurship theories, basic business planning	Enhanced the course with modern startup techniques, removed outdated theories
5	MBA-205	Production and Operation Management	Supply chain management, lean manufacturing	Field visits, case studies, interactive simulations	-	All the responses are satisfactory.
6	MBA-206	Research Methodology Using SPSS	Advanced data analytics, qualitative research methods	Hands-on lab sessions, project-based learning, data analysis exercises	-	All the responses are satisfactory.
7	MBA-207	International Business	Global trade policies, cross-cultural management, international marketing	Case studies, simulations, role-plays, guest lectures from international experts	-	All the responses are satisfactory.
8	MBA-208	E-Commerce	Mobile commerce, digital payment systems	Live demonstrations, project-based learning	Excessive focus on traditional online business models	Updated with modern e-commerce trends and security practices, reduced outdated models

Action Taken on Student Curriculum Feedback – MBA 2nd year (4th Trimester)

S.No.	Course Code	Course Name	What needs to be included	Indicate the apt pedagogy that should be used to cover the contents of the course.	List the contents that should be eliminated from the course.	Action Taken
1	MBA-401	Management Science	Decision-making models, simulation techniques, data-driven decision-making	Simulations, case studies, data analysis exercises	Outdated decision-making theories, redundant mathematical models	Integrated modern decision-making tools and simulations, reduced outdated theories
2	MBA-402	MIS	Business intelligence, cloud computing, cybersecurity	Hands-on lab sessions, real-world case studies, interactive workshops	-	All the responses are satisfactory.
3	MBA-403 MM	Brand Management	Digital branding strategies, social media influence on brand perception	Real-world case studies, digital tools demonstrations, project-based learning	-	All the responses are satisfactory.
4	MBA-404 MM	International Marketing	Global digital marketing, cross-border e-commerce, cultural sensitivity in marketing	Case studies, simulations, role-plays, guest lectures	-	All the responses are satisfactory.
5	MBA-405 MM	Consumer Behaviour	Neuromarketing, consumer behavior in the digital age, behavioral economics	Interactive workshops, case studies, surveys and data analysis exercises	-	All the responses are satisfactory.
6	MBA-403 FM	Advanced Financial Management	Risk management strategies, global financial markets, derivatives trading	Simulations, real-time trading exercises, case studies	Excessive focus on traditional finance models	Integrated modern risk management and global financial market practices, reduced focus on outdated theories
7	MBA-404 FM	Investment Management	Algorithmic trading, ESG investing, portfolio management using AI	Simulations, data-driven exercises, project-based learning	-	All the responses are satisfactory.
