Student Curriculum Feedback

	No. of responses	The course content was comprehensive and covered the key concepts of the subject area.	The course readings and materials provided sufficient information to understand the topics covered.	The course content was current and reflected recent developments in the field	The course content clearly aligned with the stated learning outcomes (COs).	The course will enhance my employability.	The course encouraged critical thinking and analysis of the course material.	The syllabus content relates to real world applications and industry practices	I feel confident in my ability to apply the knowledge and skills gained in this course to other situations.

Student Curriculum Feedback

	No. of responses	The course content was comprehensive and covered the key concepts of the subject area.	The course readings and materials provided sufficient information to understand the topics covered.	The course content was current and reflected recent developments in the field	The course content clearly aligned with the stated learning outcomes (COs).	The course will enhance my employability.	The course encouraged critical thinking and analysis of the course material.	The syllabus content relates to real world applications and industry practices	I feel confident in my ability to apply the knowledge and skills gained in this course to other situations.

Student Curriculum Feedback

	No. of responses	The course content was comprehensive and covered the key concepts of the subject area.	The course readings and materials provided sufficient information to understand the topics covered.	The course content was current and reflected recent developments in the field	The course content clearly aligned with the stated learning outcomes (COs).	The course will enhance my employability.	The course encouraged critical thinking and analysis of the course material.	The syllabus content relates to real world applications and industry practices	I feel confident in my ability to apply the knowledge and skills gained in this course to other situations.
Calculus for Engineers(MAL0101)	64	4.16	3.98	4.11	4.09	3.89	4.22	4.23	3.98
